

The
ZipSetSystem™
PRODUCT DATA SHEET

Model **HHC-2**

**HAND HELD
CONTROLLER GEN II**

FEATURES:

- Hand-held controller is used to remotely operate & adjust hvac balancing dampers that feed air inlets and outlets to their design airflow rate (CFM)
- Portable tool connects to the Zipset damper actuator via a plenum rated cable
- Toggle switch for CW or CCW damper rotation with center off position allows precise air flow adjustment
- Controller uses a disposable 9 vdc battery which is easily replaced from its battery compartment after removing the blue, durable silicone case
- Each HHC-2 controller comes with an integral 36" cable, battery already installed (and a spare), and a female-female RCA adapter
